Professional Summary

Passionate and dedicated **Web Developer** with a strong foundation in both front-end and back-end technologies. Currently pursuing a **Bachelor's in Computer Applications (BCA)** from Oxford University. Skilled in creating modern, visually engaging, and responsive web applications that focus on user experience, performance, and design precision. Eager to contribute creativity and technical expertise to innovative, growth-driven environments.

Skills

Technical Skills:

- HTML5
- CSS3
- JavaScript
- Tailwind CSS
- React
- TypeScript
- Node.js
- Express.js
- MongoDB
- GSAP (GreenSock Animation Platform)
- Locomotive JS
- C++
- Java
- Git / GitHub

Professional Skills:

- Creativity
- Problem-Solving

- Teamwork
- Communication

Projects

MindSnap

A next-generation social media web app designed for creativity, privacy, and meaningful engagement — free from intrusive algorithms and cluttered interfaces.

- Implemented **JWT authentication**, **story sharing**, and **real-time messaging**.
- Designed a **responsive UI** using **React**, **TypeScript**, and **Tailwind CSS**.
- Built a secure backend with **Node.js**, **Express.js**, and **MongoDB**.

Tech Stack: React, TypeScript, Tailwind CSS, Node.js, Express.js, MongoDB

Significo Clone

A personal project replicating the modern design and animations of the official Significo website.

- Recreated interactive layouts with **smooth transitions** and **scroll animations**.
- Focused on **pixel-perfect design** and responsive performance.
- Used **GSAP** and **Locomotive JS** to deliver immersive motion effects.

Tech Stack: HTML, CSS, JavaScript, GSAP, Locomotive JS

WhisperWave

Developed an innovative audio-sharing platform emphasizing creativity, privacy, and real-time interaction.

- Built responsive and engaging user interfaces using **React JS** and **Tailwind CSS**.
- Integrated **Supabase** for secure authentication, database management, and real-time updates.
- Implemented smooth, interactive animations and transitions with **Framer Motion** for an enhanced UX.
- Focused on privacy, performance, and seamless audio-sharing workflows.

Tech Stack: React JS, Tailwind CSS, Framer Motion, Supabase

Employee Management System

Developed a comprehensive employee management platform to demonstrate advanced front-end and back-end development skills.

- Built interactive and responsive interfaces with **React JS** and **Tailwind CSS**.
- Implemented smooth, interactive animations using **Framer Motion** for an enhanced user experience.
- Integrated **Supabase** for efficient data management and real-time synchronization.
- Focused on usability, functionality, and clean UI design for effective workflow management.

Tech Stack: React JS, Tailwind CSS, Framer Motion, Supabase

Experience

- Designed and implemented **responsive web interfaces** using React, Tailwind CSS, and JavaScript.
- Collaborated on projects to enhance functionality, animation, and user experience.
- Optimized website performance and ensured seamless cross-browser compatibility.

Education

Bachelor of Computer Applications (BCA)

Oxford University | 2023 – Present

Key Courses: Web Development, Data Structures, Database Management Systems, Object-Oriented Programming, Operating Systems

Accomplishments

- Built and maintained a **personal portfolio** to showcase projects and skills.
- Participated in **.NET tech events**, gaining exposure to real-world development trends and teamwork.
